Ogilvie's Hungarian Flour

(MILLED UNDER NEW AND UNPARALLELED METHODS)

PRODUCES MORE BREAD PER BARREL THAN ANY OTHER IN THE MARKET.

This Flour is very sharp and granular, of high creamy color, which means great strength. Requires plenty of water, and the dough must not be made too stiff, but softer than what you have been accustomed to when using other flours. REMEMBER, THAT INCREASED STRENGTH IN FLOUR MEANS MONEY TO YOU, yielding a greater quantity of bread, thus far more than repaying you for any little extra time. KEEP THE DOUGH SOFT, GIVING IT PLENTY OF GROWING ROOM. EACH BAG GUARANTEED. Sown with our special twine—Red, White and Blue.

G. M. LEISHMAN, AGENT FOR B.C. j23-1m

Written applications, stating qualifications, etc., will be received until Saturday, October 7, by
CHAS. HAYWARD,
Hon Sec'y. oc1-td

OREGON'S CROP.

Heavy Rainfalls Interfere With the Gathering of an Enormous Harvest.

PORTLAND, Ore., Oct. 6.—Rain has been pouring down the mountains for the last 48 hours throughout the Pelouse Valley. It delays the already delayed trains west and knocks down a great deal of standing grain. The eastern part of the valley suffers most for it is near the foot hills of the mountains. This year's crop is so great that there is danger it will not be all gathered before the winter sets in. Not more than half the crop in Pelouse county is harvested, though 400 headers and 300 threshers have been busy for almost two months. Six weeks more work is to be done.

THE COQUILLAM JUDGMENT.

Cargo Escaping On One Count Forfeited for Another Alleged Violating of Law.

The judgment of the United States district court at Sitka, in the case of the steamer Coquillam, is as follows: "The vessel is held to be subject to forfeiture, under section 2,869 of the Revised Statutes, for receiving cargo within four leagues of the shore at Tonki bay in Alaska, and also, under section 3,109, for arriving within waters of the United States from a foreign territory and not reporting such arrival to a customs officer, and unloading cargo without a permit. The sealings, amounting to 3,893, transferred from the sealing schooners Brenda, Umbrina, Sea Lion, Venture, Maud S. and Walter A. Earle to the Coquillam at Tonki bay are held liable to forfeiture under section 2,867 because the transfer was made within the collection district of Alaska within four leagues of the shore, but the sealings unladen from the schooners Oscar and Hattie, Viva and Faun, aggregating 2,297 skins, are held to have been transferred to the Coquillam on the high seas more than four leagues from the nearest Alaskan shore, and therefore not subject to forfeiture under section 2,867. It is held, however, that the entire cargo seized at Port Etches on board the Coquillam is liable to forfeiture under sections 2,806, 2,807, and 2,809 for being brought into the United States without a proper and legal manifest thereon." The cargo of skins is valued at \$90,000 and the steamer is probably worth \$50,000.

SPECIAL facilities for making blank books. R. T. Williams, 28 Broad street.

FIGHTING AT RIO.

Sympathy Increasing Towards Mello and His Revolutionary Troops—Foreigners Leaving.

Peixoto's Soldiers Charged With Committing Frightful Atrocities on Peaceful Citizens.

Buenos Ayres, Oct. 6.—Telegrams received here from Rio confirm the report that Admiral Mello is again bombarding the city. All the business places in the city are closed. The damage done so far is reported to be trifling, since President Peixoto has mounted new guns and made preparations to return the fire of the rebel vessels. The commanders of the foreign men-of-war are undecided as to whether or not they would be justified in stopping the bombardment, and are awaiting more precise instructions from their respective governments.

New York, Oct. 6.—The Herald's Montevideo cable says: Word has just been received here from the Herald's correspondent in Rio to the effect that the bombardment of the city by the rebel fleet under Mello, which was begun on Wednesday, continued without cessation all day Thursday. Shot and shell from the ships are being thrown into the city, while the shore batteries, manned by Peixoto's forces, are returning the fire of the squadron. The greatest alarm prevails in the capital, which is in an absolute state of panic. Business has been entirely suspended, and the banks have closed. The houses are utterly deserted, and workshops and railways shut down. Proposals have been made to prolong all commercial transactions, and every woman and child who can do so is fleeing from the city.

"Frightful outrages are being perpetrated by Peixoto's soldiers, who are committing murder and robbery and apparently are beyond restraint. They have killed defenceless persons and carried on a general plundering raid on stores and private residences. Squads of armed soldiers are scouring the city in search of recruits and artisans, clerks and merchants are being pressed into service on all sides and made to man the batteries and fight for the government. Other detachments of Peixoto's troops, under direction of the president's chiefs, are seizing prominent persons, who are known to be in sympathy with Mello, and throwing them into jail. These expeditions abound in chances for the soldiers to indulge unchecked in the most atrocious abuses. All of the English residents of the city have been warned by the British minister to escape from Rio, as the fleet has given notice of its intention to continue the bombardment.

CAPITAL NOTES.

Revenue and Expenditure Returns for the Past Three Months of the Year.

The Surplus is Nearly Four Millions—Decrease in the Public Debt.

(From our own Correspondent.)

OTTAWA, Oct. 6.—The revenue returns for the three months ended September 30 showed \$9,353,884, being \$39,398 more than last year. The expenditure for the same period was \$5,640,947, a decrease of \$1,129,99 from last year. The surplus is now \$3,712,937, being \$1,524,97 more than at the same time last year. The debt of the Dominion on September 30 was \$239,449,282, a decrease of \$22,306.90 since June 30.

BILLIARDS.

Roberts Still Leads in the International.

NEW YORK, Oct. 6.—When the international billiard game, the eighth of the series for 10,000 points between the English and American champions Roberts and Ives, started this afternoon at the Lenox Lyceum, Roberts was 613 ahead. Roberts continued his unfinished work of last night and ran 17 points, Ives following with a break of 42. Ives started well, but after the first break, showed up badly and failed to score in the innings. Roberts continued his wonderful work and piled up the buttons by threes. In the eighth inning Ives made 586 points. The score now stands: Ives, 6,664; Roberts, 7,200.

LOSS OF THE LEONORE.

A Well Known South American Vessel Wrecked—Captain Meyers and Wife and Four Seamen Drowned.

PORT TOWNSEND, Oct. 6.—(Special)—The Chilean bark Leonore, from Iquique for Moodyville, to load a return lumber cargo, was wrecked Wednesday morning about three miles north of the Quillayute river, on the Washington coast, where she now lies, broken in three pieces, a total loss.

The vessel was caught in a westerly gale, and the captain losing her bearings she drifted on the rocks and soon broke up. Captain Meyers, his wife and four seamen were drowned, the body of Mrs. Meyers being subsequently washed ashore and recovered. The survivors of the crew, nine men in all, walked to Neah Bay, where they arrived this afternoon.

Chilean Consul Macdonray left for the scene of the wreck to-night on the tug Discovery.

[The Leonore is well known in British Columbia, having been here several times for lumber cargoes. It is believed, though not known definitely, that on the present occasion she was under charter to Welch & Co., of San Francisco, to load for her home port.]

An agent is wanted for the sale of Bancroft's Book of the Fair in Victoria. We are sure that for the right man there is money in handling this magnificent work. Any one desiring to do so may write to the publishers, The Bancroft Company, 723 Market street, San Francisco, Cal.

WHEAT TO BE BURNED.

Diseased Seed Grain Given to United States Farmers at the World's Fair.

WORLD'S FAIR, Oct. 5.—Warn farmers who have returned from the fair with samples of grain for seed to burn them immediately. A dangerous pest permeates the whole exhibit in the department of agriculture. G. V. CALHOUN, Executive Commissioner.

WITH PARALYSIS.

Germany's Iron Chancellor Stricken and in a Precarious Condition.

LONDON, Oct. 6.—The Daily Telegraph's Berlin correspondent says Prince Bismarck has suffered a stroke of paralysis, and that he is in an apathetic condition.

Later—The United Press representative here was informed that the departure of Prince Bismarck has been definitely fixed for 12:35 on Saturday afternoon. A special train will convey him direct from this place to Friedrichsruhe. The Prince is better, but very weak.

WINNIPEG WIRINGS.

The Commercial Bank Prosecution—President Macarthur Before the Court.

WINNIPEG, Oct. 6.—(Special)—Duncan Macarthur, late president of the Commercial Bank, was before the court to-day to answer to the charge that in a certain monthly return to the Minister of Finance and Receiver General, he had unlawfully made wilfully false statement representing the balance due from agencies of the Commercial bank or from other banks or agencies in foreign countries to be \$118,526.89, whereas in reality it was only \$72,476.89. The Attorney-General asked to be allowed to change the information, and a long argument over the point ensued. It was finally agreed to take the evidence of Mr. Garland, a clerk of the Finance Department at Ottawa, as to the correctness of the returns, after which the case was adjourned for one week.

Two tramps, serving a sentence for vagrancy, escaped from a gang of prisoners working at the new Court House, to-day.

CANADIAN NEWS.

General Herbert's Denial—Some Forty Thousand French Canadians Return to the Dominion.

Cabinet Ministers at Markdale—The C. P. R. Track to be Patrolled Near Quebec.

(Special to the Colonist.)

For the Mission Field.

TORONTO, Oct. 6.—At the St. James square Presbyterian church, Dr. Woods and Miss White were designated to the mission work in Central India and given a cordial farewell.

C. P. R. Track Patrol.

MONTREAL, Oct. 6.—The C. P. R. has decided to patrol its tracks near Quebec with armed men, on account of train wrecking.

Forger Captured.

WINDSOR, Oct. 6.—H. F. White, formerly treasurer of the Malcolme Iron Co., of Walkerville, disappeared some weeks ago after forging the name of his employers to notes aggregating \$5,000. To-day word was received that he had been captured in Chicago.

Ministers at Markdale.

MARKDALE, Oct. 6.—Sir John Thompson, Sir Adolphe Caron and Hon. Messrs. Daly and Wallace arrived here by special train from Owen Sound and were met at the station by 1,500 people. A pleasing feature was the presence of 200 school children, each decorated with a wreath of maple leaves, singing "The Maple Leaf for Ever," as the party stepped from the platform. Sir John spoke briefly on the tariff and the Manitoba school questions.

Civic Census Ordered.

TORONTO, Oct. 6.—Mayor Fleming has ordered the police to take a new census of the whole city on November 1. The number of people and the number of vacant houses will be taken.

French Canadian Repatriation.

MONTREAL, Oct. 6.—During September 102 French Canadian families, representing about 600 persons, were entered at St. Hyacinthe Custom house, all intending to settle permanently in that part of Canada. It is estimated that no less than 40,000 (sic) settlers have returned to the province since the 1st of last May.

"True Witness" Assigned.

MONTREAL, Oct. 6.—D. M. Quinn, manager of the "True Witness" Publishing Co., has assigned at the instance of the Canada Paper Co., with liabilities of about \$15,600. The assets are estimated at \$14,000.

Military Rumor Denied.

TORONTO, Oct. 6.—The News Ottawa correspondent says that General Herbert gives a denial to the story that a regiment of British troops is to be dispatched from Halifax to British Columbia.

The St. Mathias Affair.

ST. MATHIAS, Que., Oct. 6.—M. Beauvais, the victim of the outrage is still very weak, but the doctors have hopes of his recovery if blood poisoning does not set in. His pulse is very high which increases the probabilities against his recovery. Mr. Beauvais' deposition is in the hands of the local magistrate.

OPIUM FIND.

A Quantity of the Drug Dug Up on Vashon Island.

TACOMA, Oct. 6.—(Special).—Twenty-six and one-half pounds of prepared opium were dug up on Vashon Island near here, by Inspectors DeLacey and Walsh. Is supposed to have been dropped from a passing steamer and floated ashore to confederates. The farmers frightened off the latter and stealing the opium, planted it, awaiting a sale.

SOUTHERN STORMS.

Further Details of the Terrible Visitation and of the Suffering and Loss.

A Harrowing History of Which the Worst is Not Yet Known.

St. Louis, Oct. 6.—A Republic special from New Orleans says: The return of several relief parties sent to the storm-stricken districts of the State fully confirms previous views, and the corrected lists put the total of the dead at 2,041. This may be increased some 500 by subsequent news. The loss of life at Cheniere Caminda is now put at 1,250; at Bayou Andre 72, and at Grand Island 24, instead of 10. Fears are entertained for fishermen to the number of 200, living at Lake Borgne swamp. There is great complaint from throughout the Bayou Cook section of the stench from bodies lying in the swamp. A large number were buried, but there are still over 200 exposed. The damage at Chantrelour island was more serious than thought at first. Nearly all the vessels anchored there were wrecked. The U. S. quarantine station and transfer steamer Walsh were destroyed and everybody on quarantine lost except the United States physician. The loss to the government will be \$130,000. The steward, nurse and three patients were drowned.

Relief for the sufferers poured in to-day. The city of New Orleans subscribed \$2,500 and the parish authorities of Jefferson and Plaquemine voted money and at once sent relief expeditions. Dozens of lugers reached New Orleans from portions of the storm country to-day. All were crowded with refugees. There are now between 200 and 300 in town. According to the Republic special below New Orleans the damage to shipping and the number of lives lost aboard the ships is as follows: Off the American, 15; Nikita, 12; Annie B, 6; Laura L, 6; New Union, 6; Annie Bade, 13; Lord, 4; General Vixie, 4; Three Brothers, 3; Rolla Smith, 3; Sino Rosaita, 4; Anglique, 3; other vessels, 6.

NEW ORLEANS, Oct. 6.—In the Point la Hache country the death list swells to 80, with a prospect of reaching 100 before all are heard from. At Shell Beach and St. Malo island the loss is about 30. In Mississippi sound and vicinity probably a score are reported. Chantrelour island was swept, with great loss to life and property. The loss of life in the Bayou Cook country will approximate 200. The country is swept clear of houses and scores of fishing smacks were destroyed. The news from Grand Isle this morning places the loss of life there at not above 25, all being negroes. The property damage is about \$100,000 at Cheniere, with a population of about 1,400, the loss of life is from 900 to 1,000. Seventy-two were drowned in the Chinese camps on the Bayou Sente and at Bayou Andre. It is estimated that the aggregate loss of life is between 1,200 and 1,500, the property loss amounting to several millions. There were 300 or 400 fishing crafts out, of which half were wrecked. This cripples the oyster industry, and a famine for a time in this city is looked for. Fifty seven bodies have been found in the vicinity of Grand Prairie, and at the old quarantine at Bayou du Fent ten were drowned. Coffins were out of the question, and the unidentified are being buried in trenches. The sufferings of the survivors are being relieved as much as possible, a second shipment of supplies being sent this morning. Dead bodies are floating around on every side. The situation is unparalleled in the history of the South.

MOBILE, Oct. 5.—The schooner Alice Graham, having on board Miss Susie Heron, a school teacher, bound for Dauphin island, was wrecked. At Portersville there is terrible destruction, entailing loss of \$50,000 or over. Reports are received here to the effect that thirty lives were lost at Ship island and 100 in Biloxi and vicinity.

CABLE NEWS.

South American Complications.

PANAMA, Oct. 6.—Tacna advices report that Chili is sending 400 cavalry horses, 8 Krupp guns and 10,000 Mannlicher rifles to Bolivia. This is taken to indicate an alliance hostile to Peru, the two countries—Chili and Bolivia—believing that in her present straits Brazil could not lend a helping hand to Peru. Nothing is known of the attitude Ecuador would assume should this report prove true.

Hussars For Morocco.

MADRID, Oct. 6.—The Hussar regiment of the Cadix garrison was ordered last evening to make ready to embark for Melilla. Captain-General Martinez de Campos has informed the Government that he has recovered entirely from the wounds inflicted on him by the anarchist Pallas, and is able to assume full command of the citadel. The Rif tribes continue to gather near Melilla in great numbers.

Riotous Belgian Miners.

CHARLEROI, Oct. 6.—A crowd of striking miners attempted to tear up the railway near Ransart last night. A large body ofgendarmes were sent out to disperse the rioters. They were greeted with a shower of stones, and finally made a charge on the mob, which scattered in all directions. Nine rioters were arrested. Riotous bands of strikers are marching about the country, causing general alarm.

FRISCO'S FAIR.

The Utmost Confidence Felt In Its Final Success.

SAN FRANCISCO, Oct. 6.—The conference committee of the Board of Trade and the mid-winter fair committee met this morning. The discussion covered a wide range, resulting in an expression of the utmost confidence in the final success of the fair, both artistically and financially.

For a good game of billiards or pool, call at M. C. Brown's, Duck Block. se14-1m

TEA KETTLES, with wrought iron stands and fitted with spirit lamps, a novel idea, at Weiler Bros.

NEWS OF THE PROVINCE.

Fatal Colliery Accident—Mass Meeting of Miners—Wellington Town-site Incorporation.

Successful Hop Growing at Agassiz—The "Grandholme" Loading With Salmon.

(Special to the Colonist.)

WESTMINSTER.

NEW WESTMINSTER, Oct. 6.—Steamship Grandholm, Capt. Masson, arrived in port last evening from Nanaimo, and will load salmon for the United Kingdom. She will take on board 10,000 cases at the Bon Accord cannery and an equal number at Ewen's cannery, completing her cargo at the A. B. C. canneries.

F. Boutillier & Co. are preparing 4,000 barrels of salt salmon for Australia by the next steamer.

In the list of cases to be tried at the Fall Assizes the name of Harry E. Morton, Victoria, was omitted, the charge being assault with intent to do grievous bodily harm.

During the quarter ending September 30, there were thirty cases in the District Court. Seventeen prisoners were committed for trial, nine were dismissed and four charges were withdrawn.

Captain Moore, of Agassiz, reports a very successful hop season. From fifteen acres he harvested six and a half tons of hops, which, considering the plants were only set out this year, is a remarkable showing. The peculiar fact is noted in connection with hop growing at Agassiz, where the land was overgrown in the spring, that the plants were not affected with hop lice, but on the high lands there was more or less trouble experienced from these pests.

Pardy and Williams have been awarded the contract for building the new vaults addition to the court house, and will begin construction immediately. The addition which will be octagonal in form, will be built of stone and brick and roofed with slate from the Westminster Slate Co.

NANAIMO.

NANAIMO, Oct. 6.—Grand Master James Crossan left for Kamloops this morning to visit the different lodges of Knights of Pythias. Next Wednesday he will institute Island Lodge, No. 24, at Eburne, on Lulu Island.

Nanaimo Lodge A. O. U. W., celebrates the twenty-fifth anniversary of the Order by a ball in the Opera House on the 26th inst.

The installation of the officers of Laura Lodge, C. O. O. F., M. U., Wellington, takes place next Tuesday evening.

A bazaar and concert will be given in St. Alban's church hall on the 18th inst.

The Ladies' Auxiliary of the Y. M. C. A. have arranged a concert and dramatic entertainment for the 20th inst.

A mass meeting of miners and laborers in the employ of the New Vancouver Coal Co. will be held to-morrow morning for the purpose of reorganizing their union.

David Thomas, a miner, was killed in No. 4 slope of the Union colliery on Sunday by a fall of rock from the roof.

At a preliminary meeting of shareholders of the Nanaimo Water Works, last evening, a cash dividend of 8 per cent. was declared on the present capital stock of the company. The residents of the new townsite, Wellington, are enthusiastic over the idea of incorporation. Several meetings have already been held to discuss the scheme, and it is understood that definite steps will be taken to bring about the desired innovation as soon as the Dunsmuir's consent is obtained. Once incorporated the citizens purpose making many improvements. The streets are to be graded, an electric light plant installed, as well as water works and a proper sewerage system, and rumors are heard of a large brick hotel to be conducted by the new council.

ANARCHIST PALLAS.

He is Shot by Spanish Troops With His Back to Them.

BARCELONA, Oct. 6.—Pallas, the anarchist who attempted to assassinate General Martinez de Campos, and who was condemned by court martial to be shot with his back to the firing party, was executed at 9 o'clock this morning. The execution ground, behind the fortress of Mont Juich, was surrounded by troops. Immense crowds of people gathered in the neighborhood, but were not allowed to pass the military lines. There were no disturbances whatever. Pallas was cool and self-possessed to the end.

Great military preparations had been taken around the fortress of Mont Juich, in which Pallas, the condemned anarchist, was confined. No stranger was allowed to approach the walls. Pallas was awakened at 8 o'clock yesterday morning to receive a visitor in the person of Senor Loran, a republican deputy. Senor Loran conversed with Pallas for some time and was surprised at the prisoner's wonderful courage and indifference as to his fate. At 9 o'clock Pallas was taken before the military judge, escorted by a strong guard. He looked pale. By the judge's order the prisoner knelt while the death sentence was read. Pallas listened quietly, stroking his mustache. The judge asked him to sign the paper. Pallas replied: "What, sign my death sentence? I would rather sign the death sentence of the public prosecutor."

The judge remonstrated with Pallas, who answered that the law of retaliation was "an eye for an eye and a tooth for a tooth." The prisoner then signed the paper with a firm hand. While crossing the castle court, on his way to the chapel in which he was to remain for twenty-four hours, the prisoner repeatedly shouted: "Long live Anarchy!" The commander of the escort in vain ordered him to be silent.

Pallas entered the chapel singing an Anarchist hymn, and continued singing it for a long time, shouting at the same time at the top of his voice the closing words of each stanza: "Kill, kill." The chapel had been converted into an oratory, in which masses are continually being said by the priests commissioned to minister to Pallas during his last hours. There were two Jesuits among the attendants of the doomed man. The oratory contained a bed, three chairs and a table.

When the priests exhorted Pallas to confess his sins and receive the last sacraments, he told them that he would die an atheist, adding: "I have renounced all my former spiritual inclinations." Before going to the chapel, Pallas was allowed to see his wife and children. He kissed and wept over his infant son, exhorted the members of the family to continue in the path of anarchism and gave them the only money in his possession, one peseta and a few coppers. Pallas wanted a secular burial. He bequeathed his clothes to a museum.

In view of what Hood's Sarsaparilla has done for others, is it not reasonable to believe that it will also be of benefit to you.

MARINE MOVEMENTS.

Str. "Maude" Returns From Barclay Sound and Reports China Creek Prospectors Jubilant—Passengers for Frisco.

The steamer Maude, Captain Gosses, arrived home from one of her regular fortnightly trips to Barclay Sound yesterday morning with comparatively no freight and but few passengers. Among the latter were Dr. Ward, Mrs. Campbell and a few passengers for Port San Juan. The Quadra was at Bamfield creek when the Maude passed there on her way home. She was sending the supplies she had on board for the Cape Beale lighthouse overland, a distance of about four miles, the weather not permitting her to land them otherwise at their proper destination. The schooner Mischief and Labrador were also reported by the Maude, both having been in Euculet a few days prior to the steamer's call there. Captain Gosses says the prospectors are still at work in the gold locality and seem quite jubilant over what they have already discovered. Two of them, Messrs. Hennessey and Ettridge, interested in the China creek find, started for Victoria overland, a day or so before the Maude left Alberni. They are on business in connection with their gold discoveries.

SOUTHBOUND PASSENGERS.

The steamship Umatilla was a few hours late in leaving for San Francisco yesterday. She took the following saloon passengers for Victoria: T. Geddis, H. A. Welsh, D. F. Pale, O. P. Murray and wife, E. B. Coon, M. M. Hebard, Mrs. J. D. Coppery, Mrs. Thomas, Mrs. M. A. Burr, A. Jones, J. J. Leoman, J. Burns, J. Stevens and wife, Miss N. Stevens and sister, R. C. Carlyle and N. G. Carlyle.

MARINE NOTES.

Tag Estelle brought in a scow load of coal from Nanaimo yesterday.

Steamer Daisy arrived in from Comox yesterday, with a scow load of coal.

ENTERED.

Str. Premier, from Vancouver.
City of Kingston, from Port Townsend.
Yosemite, from N. Westminster.

THE MURDER TRIAL.

Another Day Occupied in Hearing Evidence—But Little New Elicited.

The Rathdown murder trial occupied the attention of the Special Assize court all yesterday, and the evidence is not yet all in. The court-room was crowded during the greater part of the day, but there was little of fresh interest in the proceedings. The first two witnesses, Ed. Hooper, the cook, told how he had seen the prisoner strike the deceased in the stomach, and suspecting that the deceased had been stabbed he reported the matter to the captain. "Fiji," a sailor who had shown the dead man, Jones, out of the forecastle after the stabbing, said he did not know that Jones was hurt when he had asked him the way out. Jos. Pemberton, the carpenter, Haulkinson, the sailmaker, William Smith, a sailor, and William Foster, the first mate, gave evidence relating to the finding of Jones groaning on the deck, and as to Francis being called to help bring him into the forecastle. The questions put by the counsel for the defence brought out that the witnesses could not make positive statements as to there having been wet blood upon the knife supposed to be the prisoner's, found soon after the stabbing; and also related to the possibility of the stabbing having been done by someone else than the accused.

Dr. Frank Hall, who attended the deceased at Sidney, before his death, and made the post mortem examination, gave interesting evidence as to the nature of the wounds, and also bearing upon the blood that would naturally appear on the weapon inflicting the wound. He said that when he ordered the removal of Jones to town he believed that he could not live, and was likely to die on the way, but there being a possibility of saving the life he had thought it best to order the removal.

Hon. A. N. Richards, Q. C., for the prosecution, stated when Dr. Hall left the box that he had no more evidence to offer just then, but might in the morning have some medical testimony to put in bearing upon the condition of a knife blade after making such a wound. He also wished to put in as evidence the depositions taken at Sidney before Magistrate Macrae, and also the statement made by the deceased. He made the announcement now, as he believed that counsel for the accused intended to resist the putting in of the depositions, and all concerned could have opportunity for looking up authorities.

Mr. Wall, counsel for the prisoner, announced his intention of opposing the putting in of the depositions mentioned, and named the authorities he would quote in support of his contention. He would call no new witnesses, but would require to recall one or two who had been on the stand. His Lordship, at 6 p.m., adjourned the court until 11 a.m. to-day, informing the jury that it was a matter of necessity to commence at that late hour, owing to the time required to look up the authorities bearing on the case.

ALL MEN

Young, old or middle aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of vitality, loss of memory, dimness of sight, palpitation of the heart, headaches, pimples on the face and body, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes, surrounded with LEADEN CIRCLES, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity unless cured. The spring of vital force having lost its tension every function wanes in consequence. Those who through abuse committed in ignorance, may be permanently cured. Send your address and ten cents in stamps for book on diseases peculiar to man, sent sealed. Address M. V. LUBON, 24 Macdonnell Ave., Toronto, Ont., Canada.

BRITISH COLUMBIA.

The Growth of KASLO this year has been unprecedented in the history of British Columbia.

In one year the Forest Growth has been replaced by streets lined with substantial buildings.

The population has increased in one year from 300 to 3,000, and is being added to at the rate of nearly 100 per day.

The immediate construction of the Kaslo - SLOCAN RAILROAD will cause development that will increase the population this year to twice 3,000.

It is the supply point and outlet for the now famous mines of the Slocan, ore from which has been shipped via Kaslo all winter.

THOS. G. WALL, Agent, Government Street, Over Bank of Montreal. Established in Victoria in 1861. ja4-1mctf

NOTICE OF ASSIGNMENT.

Pursuant to the "Creditors' Trust Deeds Act, 1890."

Notice is hereby given that Joseph Gossnell, of 129 Douglas street, in the city of Victoria, butcher, has assigned all his real and personal property, except as therein mentioned, to Bonds Secorbrook and Michael Baker, both of Victoria, merchants, in trust, for the purpose of paying and satisfying proportionately and without preference or priority, the creditors of the said Joseph Gossnell.

The said deed was executed by the said Assignor and Trustees on the 2nd day of September, A. D. 1893, and the said Assignees have undertaken the trusts created by the said deed.

All persons having claims against the said Joseph Gossnell must forward and deliver full particulars of claim, duly verified, to the Assignees at Victoria, on or before the 20th day of October, 1893. All persons indebted to the said Joseph Gossnell are required to pay the amount due by them to the said Assignees forthwith. After the said 20th day of October 1893, the trustees will proceed to distribute the assets of the said estate, according to the parties entitled thereto, having regard only to the claims of which they shall then have had notice.

BOARD OF TRADE.

The Tariff Inquiry Under Discussion
—The Board Not Disposed to
Take Action.

Outside Interest in the Cold Storage
Schemes—Piloting Fees—
New Members.

The quarterly meeting of the British Columbia Board of Trade was held yesterday afternoon in the Board rooms, the president, A. C. Flumerfelt, in the chair, and the following also were present: Robert Ward, E. G. Prior, M.P., Joshua Davies, T. B. Hall, W. Bone, D. R. Ker, R. Erskine, M. Miller, Jas. Hutcheson, H. F. Heisterman and C. E. Renouf.

A letter from Isaac Harris, president of the Union Ice company, of Tacoma, stated that they had for some years been endeavoring to secure encouragement for the erection of a cold storage warehouse in Victoria, but had failed to do so. Since the Board of Trade were taking the matter up, they now offered to take a large block of the stock in the proposed company, and they asked the Board to communicate with them as to any action to be taken.

Letters from Collins & Glazier, of New Westminster, and Vigo & Gaudin, of Vancouver, offered to provide storage plants if required.

The Canada Paint Co. wrote transmitting letters from the Standard Oil company, at Portland and Tacoma, stating that it had been found impossible to ship benzine to order by the Haytien Republic, as that vessel had decided not to go to Victoria on account of the heavy pilotage charges for entering.

Robert Ward said this statement about pilotage dues was simply absurd, as on steamers at least, especially since the last reduction, they were exceedingly low. No doubt it was difficult to send benzine here on account of the objection to taking it on passenger steamers.

Joshua Davies moved that the letter be referred to the Pilotage commissioners to answer. He and other members who spoke on the subject suggested that there might be some other reason why the Haytien Republic did not come to Victoria.

Presentations of a General Book of Commerce, in Japan, from the Japanese Consul at Winnipeg; and of nine volumes of the Insurance Monitor from Foster Macgurn, were acknowledged with thanks to the donors.

D. R. Ker, from the committee appointed to co-operate with Mr. McKilligan on the cold storage scheme, asked an extension of time for reporting. Granted.

T. B. Hall moved the following resolution, of which he had given notice, seconded by Robt. Ward: "That there be added to the by-laws, Section VIII., Clause (f)—The Council when they deem it desirable may place on a list of honorary membership persons who are not residents in British Columbia, such honorary membership to cease should the parties concerned become permanently settled in the province. Any person whether resident in or absent from the province, may on receiving a unanimous vote at a general meeting, be elected an honorary member."

This was adopted.
T. B. Hall then moved, seconded by F. H. Worlock, that H. C. Beeton, the agent general of the province in London, Eng., be appointed an honorary member of the board, in accordance with the resolution just passed. The mover dwelt upon the many services Mr. Beeton had rendered in supplying information and otherwise. Carried unanimously.

Robert Ward moved, in the temporary absence of C. E. Renouf, in whose name the motion stood, that there be added to the list of standing committees: "Section XII clause (c), Agriculture and Forestry, to consist of three."

The mover said he had no doubt such a committee had been omitted through oversight. He thought it not out of place to say here that it would be well if the committees would take more interest in their functions.

Joshua Davies seconded the resolution which was adopted.

THE TARIFF INQUIRY.

E. G. Prior, M.P., called the attention of the board to the fact that in a little time two Dominion Ministers, Hon. Messrs. Foster and Angers, would pay a visit to Victoria, the special object of the Minister of Finance's visit being to collect information bearing upon the tariff. Not as a political effort in the interest of the Minister, but as a matter of duty in the interest of the community, he wished to urge upon the board the advisability of taking steps to present the evidence called for. He thought it would be a good thing for the board to appoint a committee to look into the matter and prepare a report, and he had no doubt that Mr. Foster would be glad to meet the board.

Thomas B. Hall said it appeared that there was only one board of trade in Canada taking up the matter of tariff inquiry, that being at Winnipeg. He thought it would be better to leave the business to individual effort than for the board to interfere.

F. H. Worlock thought that after the communications of the board with the Minister of Commerce respecting Australian trade, they should interest themselves as a body in this other matter which had a material bearing on outside trade.

Mr. Prior said there were without doubt certain parts of the tariff which bore hard on British Columbia, and while it was not to be expected that the tariff would be rearranged to suit this Province at the expense of the others, it seemed to him that good might result if the Board of Trade would take steps to enlighten the Minister as to the exact facts. He thought the board was for just such work as that. There was no politics in connection with the matter; all persons, Conservative or Liberal, should come forward if they had any suggestions to offer.

T. B. Hall said the board were not all of one mind, and the trouble was that anything promulgated by such a committee as proposed would have a certain amount of authority.

F. B. Gregory agreed with Mr. Hall. If a committee presented a report, the Minister could cite it as the opinion of the Board as a whole.

Robert Ward looked upon the Board as the representative of every class in the Province, and he considered that any full expression on their part should have great weight with any minister, as to how the tariff affects the Province. He felt difficult about proposing any action only because there was nothing but a vague statement as to the Minister's coming at all. If he was coming, he thought the Board should form a good representative committee to take up the question, which should be considered altogether apart from politics. He suggested that the President should telegraph to Mr. Foster to find out his intentions and wishes. Unfortunately the

Ministers who from time to time had visited this city had gone away in a tremendous hurry, and nineteen out of twenty of these visits were without good results. He hoped that Mr. Foster would stay long enough. The fact that Victoria contributes a million dollars a year in customs duties shows the importance of the tariff to this city.

The President said that when the Minister went to Montreal, he invited representatives of the different classes of business to meet him at different times.

Mr. Prior, M.P.—At Toronto the Board of Trade took the matter up.

Dr. G. L. Milne, M.P.P., did not want to see the Minister invited in any way by the board, because he did not think that they should endorse Mr. Foster any more than Mr. Laurier. The Minister could not get the views of this country by coming before the Board of Trade, as he should get the views of the consumers as well as of the merchants. It would not be well to appoint a committee, because committees are very often biased.

Robert Ward—All I want is for the Minister to get the general opinion.

Mr. Prior, M.P.P., said, of course the Minister should consult the consumer as well as the merchant, but that was no reason why he should not hear from an organized body of business men. He might mention, since notices had been mentioned, that he brought this matter up at the request of a member of the council, who had asked him to do so since coming to the meeting.

Jacob Sehl suggested that the Board room should be placed at the Minister's disposal, for the purpose of meeting all who wished to lay their views before him.

D. R. Ker said that when this tariff inquiry was first mooted it was reported that the Minister would like to meet as many persons as possible in private. For his part, there were several matters he desired to bring up, which he would certainly not state at a public meeting.

The matter then dropped, without action. Three new members were then proposed and duly elected: Herbert Cuthbert, Robt. Cassidy, and W. J. Taylor. Notice was given of the intention to amend the provision relative to the transfer of membership of representatives of incorporated companies so as to include railway companies in the list.

The meeting then adjourned.

WORLD'S FAIR.

Congress of Patents and Trade Marks—Rivalry Among the Brewers.

CHICAGO, Oct. 6.—The attendance at the world's congress of patents and trade marks showed a falling off to-day. At the morning session ex-Congressman Jas. Buchanan, New Jersey, addressed the congress upon needed changes in the patent laws, and Prof. Wm. C. Robinson, of Yale University, emphasized strongly the necessity for conservatism in the administration of the patent laws. Among the other speakers was J. L. Roone, of California, who dwelt upon the legal position of patented property. The rivalry among the brewers to obtain medals at the exposition is causing a lively war. Attempts are being made, it is said, to influence the judge. The big brewers, it is alleged, are willing to expend \$250,000 in securing medals for their products.

ON THE BRINK OF INSANITY!

A Wonderful Deliverance!

A POSTMASTER SAVED

Paine's Celery Compound Drags a Victim From the Open Grave!

P. J. KILBRIDE.

A marvellous cure! A wonderful rescue from death! These are the expressions used by the friends of Mr. P. J. Kilbride, postmaster, of Inverness, P.E.I. Months of agony were endured; medicines of the ordinary kind produced no good results; all was despair until nature's great medicine was used. Then true life dawned, hope was brightened, and in due time a perfect cure was effected. Mr. Kilbride writes as follows:

"I now write you about Paine's Celery Compound, having just finished the fifth bottle. It is impossible for me to say sufficient, or find words strong enough, to praise Paine's Celery Compound as I ought."

"To-day I feel myself a new man. Six months ago I was on the brink of insanity; my nervous system was completely broken down; I could not sleep more than one or two hours at night, and often did not sleep for four nights in succession. Oh! I never can describe the agony I suffered. I was almost reduced to a skeleton; could only work an hour, when I was so fatigued I would be obliged to lie down and rest before I could resume work."

"The use of your Compound has given me rest and sweet sleep, and I can now work all day. To tell the honest, candid truth, I have not felt so well for fourteen years. When I commenced taking Paine's Celery Compound my weight was 144 pounds; now I weigh 168 pounds. I am gaining in flesh every day; my friends are all surprised at my wonderful cure and changed appearance. Oh! if I had only known of this life-saving remedy years ago, I would have escaped many days and nights of terrible pain and agony. Thank God the terrible times have passed, I hope never to return. How I wish I could reach the ear of every man in Canada—those who are suffering as I once suffered—how I would plead with them—yes, on my knees I would ask them to give Paine's Celery Compound a fair trial; and I feel confident they would bless me afterwards for my recommendation."

"Young men, take my truthful and candid advice; if you are suffering from a broken-down nervous system, use Paine's Celery Compound; it will thoroughly restore you, physically and otherwise. 'I am now in perfect health through no other agency than Paine's Celery Compound. You may use this statement as you choose.'"

E. M. JOHNSON

37 Government Street, Corner of Broughton.

ESTABLISHED 1879.

Real Estate Agent, Conveyancer and Notary Public

Loans Effected, Rents and Income Collected, Deeds Prepared, Etc., Etc.

FOR SALE--A 1388-ACRE FARM

About 1000 Acres of which is Ploughable Prairie of First-class Quality.

120 Head (more or less) Cows, Steers, 2-year olds, etc., etc., (about 60 or more to calve this spring), 1 pedigree Hereford Bull (rising 3 years.

7 Mares (in foal to a good stallion), 1 Horse, Pigs, Chickens, etc.

Ploughs, Harrows, Reaper, Fanning Mill, Wagon, Sleds and usual Farm Implements.

Double Harness, Chain Harness, Bull Chains, Saddles (ladies' and gent's), Bridles, etc.

Blacksmiths' Bellows, Anvil and Tools and Carpenters' Tools.

9-Room House (shingle roofed; Stable for 10 horses, with hay loft above; Stone Roothouse, Store Buildings, Dairy, Cow Sheds, etc., etc.

4 Miles (about) Standing Fences, in good order; Corralls, 10 miles barbed wire and staples; about 2,500 Posts on the ground, ready for use, etc., etc.

Small Lot Household Furniture, Stove and Pipes, Crockery, etc., etc.

This Property is within easy distance of many of the most important Gold, Silver and Coal Mines in West Kootenay. The population of this district will increase this year by at least 10,000; the area of farm land is very limited, and from this it may be fairly asserted that beef and all classes of farm produce will find a ready and lucrative market. The soil is the best bottom land, and the locality is one of the few places in the Province where so large a piece of good farm land can be found in one block. A river runs through the property, and rainbow trout are plentiful and afford capital sport. Deer abound in considerable numbers. Bear, Wolf, Coyote and other large game are to be found in the hills. There are two creeks recorded and belonging to the estate, one flows all the year round. Limestone and brick clay are to be had in the valley.

The Cattle are well bred; a much larger herd could be farmed with the place. The bunch grass on the hills in the vicinity covers many thousands of acres, and is available to the few land owners in the valleys. All buildings and fences about the farm are in good order, and farming operations can be gone on with at once; about 180 acres of ploughing have been, so far, provided for this year's work.

The Climate is not severe, the land being about 1,100 feet above sea level; the station was for many years the winter quarters of the H. B. Co.'s pack trains. There is a weekly express in and out. Goods and supplies at wholesale can be procured on order and delivered in 48 hours.

The Title is by grant from the Crown, and is free of all encumbrances. Immediate possession can be given.

Important Railway works are now in progress within moderate distance, and two railway lines have been run to pass close to or through the estate, which can be reached in the spring in three days' journey from Victoria.

The South West Kootenay District, British Columbia, is, judging from the actual ore products of the mines this winter, is destined in the next year or two to become one of the richest and most important mineral centres in the world. Statistics show, that although the district is in its primary stage, the mines have developed ore veins rich enough to warrant the investment of over a million dollars. When these mines come to be worked systematically, there will be an

Influx of Population, which will require beef and farm produce in large quantities. The limited quantity of really good farm land in the district to supply these requirements makes this

A BONANZA!

To any person or corporation having the capital and knowledge necessary to develop and work this estate. A store, hotel and blacksmith shop could be run in connection with the farm.

MARVELLOUS

Rheumatic Liniment and Mixture

Rapid and Effective Cure.

Victoria, B. C., Jan. 17, 1893,

To Dean & Cryderman, druggists.
GENTLEMEN,—With much pleasure I add my testimony to your valuable Marvellous Rheumatic Cure. For three months I suffered terrible pain. Could not move only by the aid of two sticks. I have only taken two bottles of the medicine and two of the liniment, and I can now go without sticks, and hope after the third bottle to go to work.

Yours very thankfully,

S. NORMAN,
No. 48 Oswego street, corner Michigan street.

If you have Rheumatism, Lame Back or any Severe Ache or Pain, The Marvellous Rheumatic Liniment will Cure it quickly.

WEEKLY ADVERTISEMENTS—Ten cents a line solid nonpareil, each insertion. No advertisement inserted for less than \$2.

Where Ours are inserted they must be ALL METAL—no mounted on wood.

THE HYPOCRITICAL ORGAN.

The Times says it would like to see the Provincial Government succeed in getting from the Dominion the eighty cents a head for the inhabitants of the Province who are not included in the Dominion census, but from its tone we are forced to conclude that it would be greatly disappointed if they succeeded in getting the money to which the Province is clearly entitled. It cannot decently oppose the efforts of the Government to get this money, but it does what it can to throw cold water on the attempt. It acts in the way that the enemies of a cause, which they do not like but dare not oppose, invariably act. It stands idly by and predicts defeat. Why does it not show its sincerity by actively assisting the Government to obtain what it knows, but is too artful to admit, is honestly due the Province? It may not be able to do a great deal, but it can do a little. Why does it not do that little? The answer is plain. It does not want the Government to succeed. It would not like to see the Provincial Government get the credit of having obtained for the people a very considerable annual increase to the subsidy, and it has no desire to see the Dominion Government strengthening itself in the Province by acceding to a demand which is clearly just and reasonable.

These conclusions cannot be said to be uncharitable for they are warranted by the factious spirit which our contemporary has invariably displayed. It has always preferred what it considers the interests of the contemptible little faction of which it is the organ to those of either the province or the city.

Our contemporary, though it professes to wish the Government success in this matter, does not commit itself so far as to admit that their claim is valid and that their contention is reasonable. It makes a partial statement of the Province's case, without pronouncing an opinion one way or the other, and then leads its readers to conclude that the Dominion Government, having the power to refuse the demand of the Province, will do so, without paying the least attention to the grounds on which it is based. It says: "As we have said all along, we should like to see the Provincial Government succeed in this matter, but we cannot blind ourselves to the facts, as the organs seem to have done. The simple fact seems to be that success is entirely dependent on the goodwill of the Ottawa Government, and there is not the slightest indication, so far, of that goodwill."

Who is there so simple as to believe in the sincerity of good wishes expressed in this way? It requires but little penetration to see that they are the enunciation of hostility very thinly veiled.

We differ from the Times on this as we do on many other subjects. We believe that the Dominion authorities will enquire into this matter with a sincere desire of arriving at the truth, and with the intention of doing the Province full justice if they find—as they will find—it has a right and reason on its side.

NOT BEWAILING.

The News-Advertiser, with its usual disregard of truth, asserted that the "Colonist bewails the fact that Messrs. Brown and Kitchen have been camping on Premier Davie's trail." It is not true that there was any bewailing on our part. The fact was we were rather pleased than otherwise to hear of the two New Westminster braves being on the war path. We knew that the Premier is a first-class fighter, and that the bunkum of the secessionist orators would fall harmless, when Mr. Davie was present to expose its emptiness and its untruthfulness. We have a notion that in a square stand-up fight, as there is at the joint meetings such as our Opposition contemporaries favor, Mr. Davie and his colleagues and supporters are not likely to come off second best. Besides, we looked upon the fact that two of the warriors of the Opposition, fully armed, had been sent on the Premier's trail as a compliment to his prowess. He had met one of them among the Cariboo moun-

tains, and, as the result of that one's experience, two were sent to meet him when it was found he had started for Clinton. We expect to hear when he sets out on his next expedition to the country he will be followed by at least half a dozen Opposition warriors, fully accoutred and terribly painted. The News-Advertiser seems half ashamed of its advocacy, such as it is, of political prize fights. It has to admit that they have become obsolete in older countries, which have had a longer experience in political warfare, but it seems to think that because the country districts of this Province are thinly peopled they will have to be continued in it some time longer. We are far from admitting that meetings which have been found unsuited to the state of civilization at which the other Provinces have arrived are good enough for British Columbians. We believe that in this Province, in the country as well as in the towns, it is better from every point of view that each party should hold its own meetings, and that when joint meetings are held it should be by agreement.

Our contemporary seems to have a notion that there should be a graduated scale of courtesy and civility. It believes that it is all right to treat Laurier and Thompson and Gladstone and Salisbury with consideration and courtesy, but it is quite a different thing when Premier Davie and others in this province are to be dealt with. It does not go into particulars, but it appears to have invented a kind of Snob's Code, under which attention and civility are to be meted out, according to rank and other claims, real and imaginary, to consideration. We trust that it will publish its new code in full, so that people will know exactly how to regulate their civilities. The old notion that a gentleman possesses too much self-respect to be boorish or discourteous to any one, high or low, gentle or simple, seems to have been lost sight of by our contemporary. According to the good old rule of good manners, if it is discourteous to intrude upon Mr. Laurier or Sir John Thompson's meetings, to say nothing of Mr. Gladstone or Lord Salisbury's, it is equally discourteous to intrude upon those held by Mr. Davie.

INEXCUSABLE.

We were somewhat surprised to learn that a policeman presented himself a day or two ago at one of the public schools and compelled the boys to surrender their catapults and to show him their jack-knives. We should like to know under whose instructions that policeman was acting and what warrant he had for doing as he did.

We are not surprised that the parents of the boys are indignant at the policeman's proceedings. He had no right to interrupt the business of the school to make any enquiries without due authority. The teacher was the proper person to apply to, if it was suspected that the boys were using catapults and had them in their pockets. The pupils are, during school hours, under his charge, and no one has any right to interfere with his authority. Compelling the boys to produce their jack-knives was an indignity for which there can be no excuse. Catapults are contraband. A boy has no right to have one, but a jack-knife is lawful property which every boy who is not an idiot has a right to possess. The constable has no more right to compel a boy to show his jack-knife, because jack-knives have been stolen from somebody's shop, than he has to compel a man he meets on the street to show him the contents of his wallet because money capable of identification has been lost or stolen.

The intrusion of a policeman in a school room, except under very unusual circumstances, is inexcusable. The interruption produces excitement which must make work for the rest of the day impossible; and to subject a boy against whom there is no charge and who is above suspicion to search, is an indignity which any parent is quite justified in resenting. That constable should be called strictly to account, and those who gave him authority—if he had authority—to make a raid on a school, should be required to give a reason for authorizing a proceeding in every way so extraordinary.

THE SAVAGE MOORS.

If the Spaniards teach the Moors a lesson in civilization which they will remember and profit by they will do the world good service. The Moors have been for ages savage, cruel and treacherous. Their contact with civilization seems to have done them no good. They are most difficult to deal with and they are not to be depended upon from one day to another. They appear to be the most intolerant bigots on the face of the earth. They are Mohammedans of the fiercest type. They hate and despise Christians and they take no trouble to conceal their feelings. There seems to have been no excuse for their attack on the Spaniards. If it had not been for the desperate bravery with which they resisted the repeated attacks of the Moors, every one of them would have been massacred. It is, therefore, not surprising that the Spaniards are exasperated and that they are determined to show the Moors that they cannot be wontonly asailed with impunity. If they give the savage fanatics a sound drubbing they will confer a great benefit on the civilized world.

COUNTERFEITING.

A kind of counterfeiting is carried on in Venezuela which, at the present time, would be very profitable in the United States. The counterfeiters buy pure silver at its market price, and then convert it into the current coin of the Republic. By this operation they make a profit of forty per cent, or so—less the labor of converting the silver into coin, which cannot be very great. The counterfeit coin cannot be easily discovered, as the silver in them is of precisely the same quality as that in the Government coin.

In fact they cannot, in the ordinary sense be called counterfeit coin, which are either composed of some base metal or contain a very large proportion of alloy. As a very handsome profit can, at the present market price of pure silver, be made by this kind of counterfeiting in the United States, it is a little surprising that it has not been discovered before this that it is being coined on a large scale. It is quite possible that a considerable proportion of the silver coin current in the United States is manufactured in this way. It would, as we have already hinted, be very hard to distinguish between the counterfeit coin and that which is genuine.

Are You Nervous.

Are you all tired out, do you have that tired feeling or sick headache? You can be relieved of all these symptoms by taking Hood's Sarsaparilla, which gives nerve, mental and bodily strength and thoroughly purifies the blood. It also creates a good appetite, cures indigestion, heartburn and dyspepsia.

Hood's Pills are easy to take, easy in action and sure in effect. 25 cents a box.

Royal Baking Powder

ABSOLUTELY PURE

THE CITY.

THE committee of the Maternity Home, corner of Rae and Blanchard streets, acknowledge with thanks the sum of \$70 collected by Mrs. Spencer, of Alert Bay, in aid of the Home.

MR. D. R. HARRIS the new alderman for the South Ward was yesterday sworn in before Mr. Justice Drake. He will be in attendance at the next regular meeting of the Council on Monday evening.

MR. CLEMENT ROWLANDS, the well known vocalist, and Ernest Wolff, L. C. M., whose appearance is always welcome on any programme, have associated and will open the Victoria school of music at 63 Government street.

AT VANCOUVER on Wednesday last, Mr. Alexander Robertson, of Victoria West, was married to Miss Annie Sim, who had just arrived from Scotland to join the man of her choice. Rev. Mr. Maxwell performed the ceremony.

PAULINE WALLACE, who swallowed a chloride of mercury tablet in mistake for a headache capsule and thereby was brought very close to death, is now out of danger. The authorities of the Jubilee hospital, where she now is, say that she is recovering rapidly.

THE coroner's inquest on the body of the late George Sashers Ka-yama, found dead in his cabin on Chatham street, Thursday, resulted in a verdict of death from alcoholic poisoning. The deceased was a Japanese sailor, and had been drinking heavily since his return to port.

MESSRS. Wishart & Meldrum, of the Clarence, have spared no trouble to have their large room in good order for the smoking concert this evening, and everything points to a most enjoyable evening being spent. The programme will consist of piano solos, glees, songs and banjo selections.

KATE ADDISON was sentenced to two months' imprisonment, in the Police court yesterday, for the theft of a dress and several other small articles from a Store street hotel. A second information was laid against her, charging the larceny of a small silver watch. She proved, however, that this came honestly into her possession.

MR. H. F. W. BEINSEN has addressed a postal card from mid-Atlantic to the COLONIST. He took passage on the North German Lloyd's steamship Spree, and the U. S. Germania took a mail from this steamer. The postal is dated September 19, and says: "Greetings from the Atlantic. Had a fine passage—no wind, no rain and no fog. Sunshine all the time."

THE meeting of Fernwood lodge, C. O. O. F., held in the Oddfellows' hall last evening, was of special importance, on account of it being the first sitting of the newly elected officers. After the evening's business was transacted, the principal work in which was the reviving and amending the lodge's by-laws, a banquet was given which afforded much pleasure. There were present many visiting brethren from Dauntless and Pride of the West lodges, as also D. D. G. M. Ramsey, of New Westminster.

MARY ANN HILL, daughter of Mr. and Mrs. Alexander Hill, of Cloverdale, and for some time past an employee of the COLONIST label room, died at the Jubilee hospital yesterday morning, having been admitted to that institution not 24 hours before for treatment for brain fever. Annie, as she was generally known to her associates, was not yet 20 years of age and had resided in Victoria for about two years. She was a merry, kindly girl, and her death is sincerely mourned by all her circle of acquaintances. The funeral is to take place tomorrow afternoon at 2 o'clock, from the home of the bereaved parents.

CATAPULTS make quite a conspicuous showing in the office of the Superintendent of Police, a collection of about fifty having been secured with the help of the teachers on a recent visit paid by Sergeant Hawton to the Central school. The weapons are of all shapes, sizes and calibres, from models of the ancient sling used by David in his famous combat with Goliath to miniature catapults with skillfully bent hairpins for the bases and handles. Chief Sheppard has sent in a report to the Police Commissioners answering the complaint made by a citizen whose children attend the Central school and stating that Sergeant Hawton did not exceed his duty as an energetic officer of the law, and did not put any indignity upon the school boys.

SAATCHI LIME Co. v. McDOWELL. This is a case in which the plaintiffs claim for a quantity of lime delivered to the defendant, at Vancouver, during the years of 1888 and 1889. The account is disputed as to several items, the defendant claiming that he is entitled to credit for certain empty barrels returned, and that he has been overcharged with reference to various consignments of lime, particularly for one item of 125 barrels which he alleges he never received. The case was partly heard yesterday before Mr. Justice Drake, without a jury, but was adjourned to Vancouver, in order to take the evidence of a witness who is to be produced there on behalf of the plaintiffs. Mr. Ernest V. Bodwell appeared for the plaintiffs, and Mr. Hamilton, of Hammersley & Hamilton, for the defendant.

THE arrest of Baggage-man Earle, of the City of Kingston, and the confiscation of forty pounds of opium found in a trunk belonging to him are causing a mild sensation over the Sound by reason of the methods adopted by Inspector Loftus, upon whose information the proceedings were taken. Loftus it appears pretended to acquiesce in a scheme for the daily shipment of certain quantities of the drug from Victoria to Seattle, his part being simply to see nothing and collect his share. The first shipment under this arrangement was made Tuesday and the opium ring were given what is technically described as the "double cross." At the same time it is said less prominent speculators, believing that the authorities would be less alert immediately after showing their hand, shipped over 370 pounds in one trunk which went through to its destination unchallenged. Earle's arrest was made Tuesday, the big shipment was

made Wednesday, and on Thursday the bold smugglers raked in the profits—over \$2,000.

SPECIMENS of quartz brought to this city yesterday from Alberni by William Etheridge and Thomas Hennessey, have a decidedly attractive appearance, the gold being present in specks easily visible to the naked eye. The gentlemen named are interested with Henry Saunders in the Golden Eagle extension at China creek. Tunnelling in from the small shaft sunk they found the ledge gradually widened out, the prospect being highly encouraging. The ore will, it is said, average about \$100 a ton.

MICHAEL FLYNN, although not yet 20 years of age, is establishing for himself a very bad record. A month or so ago he was charged with supplying intoxicants to Indians and escaped punishment, not because he was innocent but because the necessary witnesses could not be found. On Thursday he was sentenced to two months' imprisonment for assaulting an inoffensive Chinaman and yesterday he was in the dock again, the charge being that of supplying liquor to Indians. A conviction was secured and three months' imprisonment imposed, the sentence to commence at the expiration of the two months.

HARVEST thanksgiving services will be held to-day and to-morrow at St. Saviour's church, Victoria West and at St. Paul's, E. Quinalt. Both have been very prettily decorated and appropriate music will be made a feature of the services. The preachers this evening will be Rev. C. E. Sharpe at St. Saviour's and Rev. J. B. Hewston at St. Luke's. To-morrow Rev. Canon Beaulieu will be the preacher at morning service in St. Luke's, the evening sermon being by the pastor, Rev. S. C. Schofield. Rev. Canon Paddon occupies the pulpit of St. Saviour's on Sunday morning, the Lord Bishop conducting the evening services and also administering the rite of confirmation.

THE mystery connected with the disappearance of E. D. Macnaughton, of this city, and Ted Daykin, son of the light-keeper at Carmanah Point, is in no way cleared away by the latest news from the scene of the supposed drowning. Although neither body has yet been found, a pair of overalls and a hat identified as Macnaughton's have been picked up on the beach between the mouth of the Nitinat and Carmanah, corroborating the theory that the men were washed out of their boat by a heavy sea. On the other hand, suspicion has been directed to certain Indians living in the neighborhood, who, it is said, bore Macnaughton ill-will on account of his having in his capacity of detective recovered certain goods they had stolen from the wreck of the steamer Michigan. It is possible that an investigation into all the circumstances of the case may be asked for.

IN MASHONALAND.

Serious Fighting Between British Troops and the Matabels—Apprehensions as to Outcome.

Strong Reinforcements Sent to Fort Victoria—The Natives Well Armed.

LONDON, Oct. 6.—Important cypher dispatches from Mashonaland have reached the Colonial office. It is surmised that serious fighting has occurred between the British and the Matabels. People in London who have relatives or friends in Mashonaland, either as settlers or in the employ of the British South African company, are very anxious regarding their safety. They fear that the force sent out by the company to drive the invading Matabels from Mashonaland has met with disaster, and that the warlike natives will ravage and kill throughout the territory. It is not generally believed, however, that even if this turns out to be the case, the settlers will be in danger of their lives. Shortly after the trouble broke out the settlers, fearing raids by the Matabels, loaded their families into wagons and sought the security of the forts of the company. The principal of these forts, Fort Victoria, has been prepared for an attack by the natives. It contains a large supply of food and ammunition, and is believed to be in every way qualified to hold out against a long siege. The settlers all have their arms with them, and the armament of the fort comprises several rapid firing guns that would work havoc in the ranks of the native enemy. Strong reinforcements of men and horses recently arrived at Fort Victoria. It is the habit of the Matabels to make their attacks at the new moon. That event is about due now, and it may be they have commenced their long threatened warfare. They are well armed.

THE store 60 Government street, where the auction sale of drapery is being conducted, is proving itself not large enough to hold the crowds that collect afternoon and evening to gather in the bargains. Yesterday the crowd extended into the street, and largely evinced their desire to have some of the good things. The chance to secure goods of the very best quality and of the classes that you are in need of every day, at your own prices, is considered too good to lose, and as to-day is probably the last day those who wish to take advantage of it have no time to lose.

Arrived.

Our final shipment of novelties in Jackets, Mantles, Capes, etc., direct from the manufacturers. Our stock in this department is now complete. We take this opportunity to thank the ladies who have so kindly awaited these arrivals, and to remark that they will be amply repaid by a visit to our show rooms, and comparison of our goods and prices with anything in British Columbia.

V-I-C-T-O-R-I-A !

The Hearty Greeting to the Champion Team on Returning From the East.

Midnight Melody by the City Band—The Reception at the Driard.

Lacrosse enthusiasm well stood the test applied last night of a midnight reception, in the rain, to the Victoria team on their return from the East after having acquitted themselves in a manner which will cause the name of this Queen City of the West to be respected wherever in Canada the national pastime finds favor. Perhaps it was the fact that the night was so cheerless as to make it a dismal home-coming for the tired travellers, that induced many of those who participated in the reception to make it a point to be on hand. At all events there was the crowd requisite to make the affair a success, and the Premier's whistle at the entrance to the inner harbor being the signal for assembling, before the steamer tied up nearly every foot of space on the dock was occupied. Of course the officers of the club were on hand, headed by President Ellis, and in the crowd there were several of the lady members, the relatives of the returning players. The City Band, stationed near the landing, played a musical welcome as the vessel approached her moorings, and as soon as the faces of the lacrosse men gathered on the forward deck could be distinguished some one started the rallying cry

"V-I-C-T-O-R-I-A,"

which, with the following cheers, came heartily from a hundred voices.

The party was found on landing to consist, as expected, of Captain W. H. Cullin and seven of his team, these being A. E. Macnaughton (with Mrs. Macnaughton), W. E. Ditchburn, Harry Morton, W. Blight, C. L. Cullin, F. Cullin and R. Cheyne. All looked in the best of health, and in response to the numerous inquiries made declared that they had enjoyed the trip immensely, apart from the satisfaction naturally attached to such a march of conquest as theirs has been.

When the first greetings were over the team were ushered into hacks in waiting and with the band leading the way, a procession was formed and headed for the Driard. On Bastion street the first cab met the hook and ladder truck, and at the corner of Government street a fire engine in full working order made an illumination which served to add to the excitement of the occasion. The turn-out was not premeditated, but the accident gave the enthusiasts in the fire department an opportunity which they no doubt appreciated of joining in the demonstration.

At the Driard there was another round of hand-shaking and "the boys" were "bounced" and subjected to other such demonstrations of affection, whilst the band played its merriest repertoire. When opportunity offered the President called for three cheers for the victorious team, which were given with a vociferous tiger. The band played the National Anthem, and the proceedings of the informal welcome came to an end.

It was explained to the team that they were to be extended a formal reception shortly, when the souvenirs of their season's work at home and their not less brilliant exploits abroad will be presented.

AMERICAN NEWS.

U. S. Warships Out of Commission—Progress Making With 'Frisco's Fair.

Bank Absorption in New York—Fatal Fights Among Mexican Miners.

Bank Absorption.

NEW YORK, Oct. 6.—It is officially announced that the Sherman bank at 18th street and Broadway, upon the fulfilment of certain conditions, the arrangement of which is practically certain, will absorb the suspended Madison Square bank, assume all its assets and liabilities and hereafter carry on all the business formerly pertaining to the Madison Square bank. The absorption will be absolute, and no officer or director of the suspended bank will have the slightest connection with the Sherman bank. Even the name of the suspended bank will be dropped. The legal steps, transference of papers, etc., will be taken next week.

Mexican Miners Fight.

ESCALON, Mexico, Oct. 6.—News received yesterday from Sierra Mojade mining camp states that a conflict occurred there on Wednesday between riotous miners and the police, the affray resulting in three miners and one policeman being killed and several on both sides being wounded. The cause of the trouble is not known.

The Midwinter Fair.

SAN FRANCISCO, Oct. 6.—Great interest in the Midwinter Fair continues to be manifested by Eastern business men, who want concessions and are willing to pay for them. A German restaurant privilege has been applied for. To-day a number of restaurants will be fitted up in gorgeous style, and will surround the electrical tower. This morning the building space for Santa Barbara was laid out by Engineer Shaughnessy, the next north of the Hawaiian exhibit, and will occupy 4,000 feet, containing the aquatic specimens and other things from Santa Barbara.

The Deacons.

NEW YORK, Oct. 6.—A Newport, R. I., special says: Mrs. E. P. Deacon did not come here last night with her mother, Mrs. Baldwin, who returned from New York, where she had gone to see Mrs. Deacon. It is said the latter will not visit Newport unless it can be arranged that she shall see the child, of whom Mr. Deacon has the custody. The family say that the reports of an effort to unite Mr. and Mrs. Deacon are unfounded. Mr. Deacon will arrive here within a few days to remain a short time, after which he will go abroad.

The "Boss" Got It All.

SAN FRANCISCO, Oct. 6.—Creditors of the sailors of the United States steamer Corwin are indignant at their inequitable condition. They returned from a long cruise in the Arctic a few days ago. Owing to heavy gambling which prevailed on the cruise the men returned to this port without available funds. The boatswain, whose duty it was to suppress gambling, was the only man of

means, he having won all the wages coming to the men.

Out of Commission.

VALLEJO, Cal., Oct. 6.—The ship Alert was officially put out of commission to-night at sundown, and her Commander's pennant housed. It was unattended with ceremony owing to the Alert being in dry-dock. The crew have been detached and assigned to the receiving ship Independence, and the officers have been ordered to their homes to await orders. The ship Boston will, on arrival at Mare Island Navy Yard, be put out of commission and her crew assigned to other vessels. Commander McNear has reported for duty at Mare Island Navy Yard as equipment officer, vice Glass promoted.

A Lethargic House.

WASHINGTON, Oct. 6.—Not even the earnest manner of Mr. Cummings, of New York, could awaken the House from the lethargy into which it seemed to have fallen. There was no increase in the attendance to-day, and the various speakers, Messrs. Haines, of Nebraska; Hicks, of Pennsylvania; Brookshire, of Indiana; Race, of New York; English, of New Jersey; Baker, of New Hampshire; Taylor, of Minnesota; Talbot, of South Carolina; and Gassenhauer, of New Jersey, received very little attention, though some of the arguments advanced were worthy of grave consideration. The House, at 5:45, adjourned until 11 o'clock to-morrow.

Heavy Suits.

SAN FRANCISCO, Oct. 6.—A suit has been brought by Axel Teisen, as administrator of the estate of Matthew Maum against the estate of Wm. H. Sharp and sixty others for the recovery of property aggregating over half a million in value. The present litigation is based on transfers of estate twenty years ago. Maum died in Galveston, Tex., July 22, 1862.

The Storm of the Year.

PORTLAND, Oct. 6.—Astoria dispatches report the biggest storm of the year raging off the mouth of the Columbia river yesterday. It was blowing heavily all day, and at one time the wind attained a velocity of sixty-eight miles an hour. During the forty-eight hours a heavy rain had been falling without cessation for a single minute. The wind also blew hard in Portland and rain fell in sheets for several hours.

The Ocean Record.

NEW YORK, Oct. 6.—The Cunard Line steamer Lucania from Liverpool, arrived off Sandy Hook lightship at 10 p.m. This beats the western record held by the steamer Paris by 59 minutes. The Lucania's time is 5 days, 13 hours and 25 minutes.

Mrs. Sutherland.

I had Colic
Or swellings in the neck
since I was 10 years old;
am now 52. I used
Hood's Sarsaparilla
recently and the swelling
has entirely disappeared.
It has been very trouble-
some. When I began I
was feeling so discour-
aged with the colic and
rheumatism I felt that
I would as soon be dead
as alive. Whenever I
caught cold I could not
walk two blocks without
fainting. Now I am
free from it all and I can
truly recommend
Hood's Sarsaparilla. I
received a letter from
Mrs. Jennie Bigelow, now
of Fremont, Mich.,
asking if my testimonial
in behalf of Hood's
Sarsaparilla was true; I
replied it was, and sent
particulars. I have
another letter from her
thanking me very much
for recommending

Hood's Sarsaparilla

and stating that she also
had been cured.
Mrs. ANNA SUTHERLAND,
Kalamazoo, Mich.

HOOD'S PILLS are the best
after-dinner
Pills. They assist digestion
and cure headache.

OUR BUSINESS

Is not affected by Auction Sales
Or cheap (?) Sales
At this Season of the Year.

We are the Only House in the City
That Makes a Specialty of

Mantles, Jackets and Capes.

We believe in everything in season, and consider "Cheap Sales" just now out of all reason, and an evidence of the unavailability of the stock carried. When the proper time comes, if there are any of our Jackets left, we will give you a cheap sale that will not be based on the cost price. Our present prices cannot be beaten for cheapness in the city. Inspection and comparison of prices and styles invited.

WOMEN OF NO TACT.

THEY WEAR AND TEAR ELLA WHEELER WILCOX'S NERVES.

People Who Are Conventionally Polite While Being Bored—Those Who Lie For Politeness—Business Men Called as Witnesses—Sharp Prose of a Poet.

[Copyright, 1893, by American Press Association.]

PEOPLE who have had the advantages of wealth and culture, but who are not born with tact, often say and do things which are wearing and jarring to the nerves of the naturally tasteful person.

Over and over again you and I have had some one with whom we were conversing pause suddenly in the midst of a narrative and say, "I hope I am not boring you with this story?" or, "Perhaps you are not interested in this?" or, "I hope I do not weary you?"

Now, however bored we may be, we are obliged out of conventional politeness to reply to this idiotic question with a still more idiotic, "Oh, no, I assure you," uttered with great animation and impressiveness, or, "I beg you to continue; I am deeply interested." Any other reply would be an insult which would never be forgiven by the questioner. He would be startled beyond expression were we to say: "Yes, I am tired of listening to you. Your story bores me horribly." He knows we will assure him of our pleasure in having him continue. Then why does he go through the platitude of asking such a foolish question?

It is senseless and embarrassing. The tactful person knows when he ceases to interest his listener and adroitly hastens the climax of his story. The moment the slightest inattention is observed in one to whom we are talking we should have discretion enough to bring the conversation to a graceful close, unless our listener insists upon its continuation.

Another similar act of stupidity, and of even more frequent occurrence, is to break in upon a tete-a-tete of two persons with your presence and the remark, "I hope I am not interrupting you," or "I hope I am not de trop." You know, however unwelcome your presence may be, that these people will politely lie to you and tell you you are welcome. If it is necessary for you to interrupt a tete-a-tete, as it may be under some circumstances, make known your business and get done with it, but if it is not necessary wait until you are asked by both parties to join them, then you will be sure you are not unwelcome. But if you are determined to make the duet a trio, don't add to your possible disagreeableness by a useless and foolish question which forces two people to tell you an untruth.

If you are admitted to the presence of a professional or business person whom you know to be burdened with affairs, do not begin your call by saying: "I hope you are not busy. I am always afraid of taking your time. I am very sensitive about intruding upon the precious hours of a person like you."

This forces your host to say, "Oh, no; I am quite at your disposal; I am very glad to see you," and all that sort of thing, which has more or less truth in it, but which if stripped of politeness would stand forth in naked truth like this:

"I am at liberty to give you a few moments, but make your call short and to the point. If it is business, get at it and through with it. If it is social, be as agreeable as you can in as short a space of time as possible. Short calls and speedy exits make enduring friendships."

I know a business man whose desk is in the room which opens from a public hall in a large building on Union square, New York. This gentleman has hundreds of employees and is distracted with all the numerous anxieties of a growing business. But his friends and acquaintances from all parts of the world, from adjoining towns and cities and from country places, are like moths, gnawing his precious time into rags by their prolonged calls. He cannot escape them because of the exposed situation of his office, and out of every ten callers nine enter his presence saying, "I hope I do not interrupt you, but I was near your office, and I thought I would drop in and see you a moment."

Ah, if it were but "a moment," how pleasantly that moment would brighten up the day! But the moment became half an hour, and although the caller sees messenger boys and clerks standing in line before his friend awaiting his orders he smiles politely and reiterates his senseless speech, "I hope I am not taking too much of your time," and the tortured man, longing to cry out, "Yes, you are driving me distracted by compelling me to neglect pressing duties," feels obliged for old friendship's sake to smile and say:

"Oh, no, I assure you. Keep your seat. I will return in a minute."

If each caller on a busy person could realize that he is but one of scores—that his interruption is one of many which break time into useless remnants—all the annoyance and trouble would be saved.

The busy or professional person may be strongly social by nature and deeply attached to his friends. He cannot bear to wound them by a brusque or severe manner or refuse to see them utterly, but all his pleasure in their society is ruined by their lack of thought on this matter and their senseless speeches, which drive him into the utterance of meaningless platitudes.

It may be impossible for you to see your friend during his leisure hours. You may live at a distance and find

yourself near his business office during business hours. To refrain from calling and renewing old ties, for fear of disturbing him, would be foolish and unkind. He would be wounded should he know you had done this. Life is too short and friendship too precious to neglect such occasions. But for the sake of that friendship and in the name of common sense, let me beg of you to avoid the foolish phrases I have quoted when you call, and to make your call brief and spirited and bring it to a pleasant climax without lingering farewells or doorway loitering. Explain its brevity by your own lack of time. This saves your friend all embarrassment, makes your exit graceful and leaves an agreeable memory for both.

ELLA WHEELER WILCOX.

PREPARING TO DIE.

Having Been Warned in a Dream of His Approaching End, a Farmer Makes All Arrangements.

PORT JARVIS, N.Y., Oct. 5.—Levi Levman, a farmer, of Sullivan county, who lives about five miles from the village of Callicoon on the Erie railway, has had for the past year the hallucination that he will die on Tuesday, November 7, and is busy getting ready. A year ago Levman had a dream, in which his wife, who is dead, appeared at his bedside and told him he would join her in the spirit world on or before November 7 of the following year. He was so impressed with his dream that he began making preparations. He has a brother, who is of a superstitious mind, and that brother predicted that his death would occur on November 7. Neighbors attempted to talk the farmer out of his notion, but, steadfast in his belief, he this spring refused to put in his crops. He has been a great sufferer from rheumatism and some faith curers recently tried to cure him, but he told them he did not stand in need of prayers. He has made his will and arranged details of his funeral. He is 50 years old, and has never been considered eccentric. His case attracts much attention.

Every full-grown oyster obtainable in Wilapa bay is already contracted for. One hundred and twenty three thousand sacks will be shipped to San Francisco this fall and winter for the Midwinter Fair.

AN IMPEACHED MINISTER.

He Is Accused Of Having Attended a Theatrical Performance And Of Publishing His Impressions.

St. PAUL, Oct. 6.—A sensation has been caused here by the preferring of charges before the Methodist Conference in Minneapolis against Rev. Thomas McCleary, D.D., pastor of the Bates avenue Methodist church. The charges originated with Rev. Mr. Pilling. Dr. McCleary is accused of having attended a performance of "America" at the World's Fair, and of having published his experiences and impressions in the Methodist Herald. In his letter to the newspaper Dr. McCleary says the show on the whole was pleasing, although some parts of it, particularly the chorus girls and the dancing shocked him. He, however, considered the amusement harmless. Rev. Mr. Pilling takes a different view of the matter. In his accusations he says the theatre is a place where one loses his virtue, conscience, self control and grace, and he says that Dr. McCleary's offence has no redeeming features. Mr. Pilling also scolds the Herald for printing Dr. McCleary's description. In a letter to the editor he says:—

"I am astonished that you would print an article written by a minister of our church describing a ballet show and play, and also advising the people to go in the words, 'The best of them annually attend.' It is a disgrace to the Methodist Herald, the church and the Rev. Thomas McCleary. You are not responsible for his views, but you are responsible for allowing such an article to go in. The question is not an open one; it is unlawful for a minister or a member to attend any play or theatre, no matter how little they think of their solemn promises to the church of God. Unless you make some statement in your next issue deploring this article and putting your paper right, I shall use my influence to try to have every copy of the Methodist Herald stopped in my neighborhood. I am against the theatre in every form and shape. I am trying to get all the people I come in contact with to keep from it, but this article is directly against my influence and the law of the church."

Methodists are taking sides in the matter, and should any severe sentence be imposed on Dr. McCleary a split in the church is predicted.

All Chinese and Japanese steerage immigrants arriving at San Francisco, and whose baggage is not stamped by the quarantine officer at the point whence they sailed, are required to have their effects fumigated.

JENNESS-MILLER'S SISTER.

The Famous Lecturer to Women Sets Them An Example.

"A beautiful woman in a beautiful gown" is the way they describe her. "The Rev. Dr. Morgan Dix finds faults with women," says the New York Sun, "for thinking more about their personal charms than about their souls, but Miss Mabel Jenness feels it her duty to instruct them as to the best use of those charms in the attainment of a 'correct and elegant carriage, and by the proper artistic care of the body.' In her view the soul expresses itself through the body, and action goes on between the two, with the result that physical grace has a moral value."

As Mrs. Jenness-Miller is known the world over for her ideas on dress reform, so her sister, Miss Mabel Jenness, whose likeness is given above, is celebrated for her crusade for physical culture among the gentler sex.

Her system of physical training is attracting a great deal of attention. "She is herself a society girl, and yet finds time," says the Sun, "to practice her system, and in the midst of her multitudinous duties is never tired, never sick, doesn't know where her nerves are, and is a stranger to headaches." The reason is apparent in a letter written July 19, 1893, from Washington, D. C.:

"I was induced," writes Miss Jenness, "to try Paine's Celery Compound at a time when I was suffering from over work and the effect of an accident. I began immediately to realize tonic and blood-nourishing effects. I take pleasure in saying that, although opposed to medicine in general, I really consider this an excellent preparation."

"I have not been able to take one day's rest since I returned from my long, hard western trip. I am sure were it not for

Paine's Celery Compound, which has a tonic effect, I should not be able to keep up and work hard.

"I recommended Paine's Celery Compound to a friend who dined with us yesterday, and on leaving here she went and bought a bottle. I shall do all I can for it, for I believe in it."

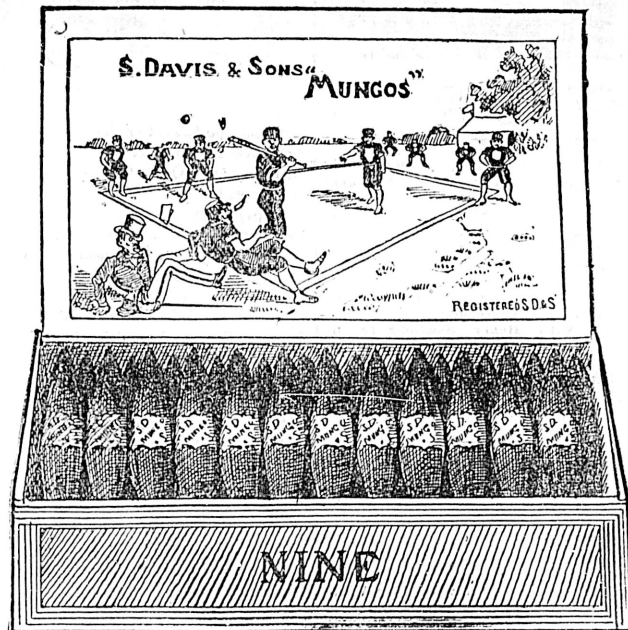

So the society woman, whose health and grace are famous the country over, and who is in a position to command the best medical advice, finds in Paine's Celery Compound the same relief from the effects of overwork and illness that the poorer, harder working woman finds.

And this great remedy that makes people well is equally within the reach of all. It is for sale in every respectable drug store in the country, and it is in greater demand to-day than any remedy in the world.

It is the one true specific for diseases arising from a debilitated nervous system, probably the most remarkable remedy that the scientific research of this country has produced. Prof. Edward E. Phelps, M.D., LL.D., of Dartmouth college, first prescribed what is now known the world over as Paine's Celery Compound, a positive cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, and kidney troubles. For the latter Paine's Celery Compound has succeeded again and again where everything else has failed.

Washington correspondents have recently given it a great deal of attention since the cures in that city. The medical journals of the country have given more space in the last few years to the many remarkable cases where the use of Paine's Celery Compound has made people well than to any other one subject. Try it and find vigor, health and new life.

Just make a mental note of this label, it is on the inside cover of the box and is always a guarantee of prime quality and exquisite flavor. S. DAVIS & SONS are the manufacturers, therefore, you may be sure they are right.

SPORTS AND PASTIMES.

The "Valkyrie" Favorite in the America's Cup Yacht Race To-day.

Australians Make a Fine Show Against the "Quakers"—Ottawa Team Reports.

NEW YORK, Oct. 6.—The second attempt in the great contest for the America's cup will be made to-morrow, when Thursday's race is to be again started. The trial made yesterday was undoubtedly a victory for Lord Dunsraven's cutter. Though the wind was neither steady nor strong enough to test the relative merits of the two types, there can be no doubt in the minds of the unprejudiced observer that the English skipper displayed far more skill in handling his craft than did the skipper of the Vigilant. The wind had scarcely started the two yachts on their 15 mile journey before it died away almost to a calm. Then it became a mere drifting match, for the sails of both boats hung limp and lifeless and the great snow-white spinnaker of the Englishman almost dragged in the water. Whatever air there was could not reach either yacht owing to the numberless excursion boats which were crowding in the way of the racers. The Valkyrie was the first to hang out a signal, "keep further astern," followed by the Vigilant with a more emphatic demand to "keep off." These requests had the desired effect, and as the attendant craft stood off the racers seemed to go ahead a trifle faster.

For the first hour of the race there was scarcely any perceptible change in the relative positions of the two yachts. The Englishman did his best to crawl up in the weather quarter of the American and thus steal away his wind. At 1:15 o'clock the wind began to haul to the southward and westward, and the Vigilant took in her spinnaker and jib topsail and seemed to lay to right in the wind's eye. The Valkyrie hung on to her spinnaker, however, and rapidly overtook the Vigilant, passing her at 1:25, just two hours after the start. While the Vigilant seemed to be dead on the water, the Valkyrie hauled by the wind on the starboard tack, set her jib and sea sail and shot ahead, steering to the southward and westward. After losing almost a mile, the American came up in the wind and headed after her English rival. This gain of the Valkyrie was probably the turning point of the race, and the seamanship displayed on the American boat was lamentably poor.

It took the English boat 4 hours 12 minutes and 20 seconds, and the American 4 hours 38 minutes and 40 seconds to make the run of eight miles and the close reach of seven. This is a difference of 26 minutes and 20 seconds. If the allowance of 1 minute and 48 seconds, which the Vigilant must forfeit owing to her greater sailing length, be added to this difference, it will be seen that the English yacht beat the American 28 minutes and 8 seconds over the 15-mile course from Sandy Hook light ship to the first turn. After the yachts had doubled the mark and eased away for home, the wind became much lighter, and when the Valkyrie took in her spinnaker at 4:15, she seemed to be almost in the doldrums. Two miles astern came the Vigilant with her sails quite full, apparently bringing up a freshening breeze. This gave new hope to her friends, and for a time it looked as though she would actually overtake the English boat before they finished. When the gap had been closed to about one-half mile, the Valkyrie seemed to feel the impulse of the breeze which the Vigilant was bringing up with her, and rapidly shot ahead, keeping about one mile away. At 4:30 the tug Luckenbach came alongside of the Englishman and kept company with her for half an hour. This told the story of the race, viz: That the boats being unable to finish within the time limit of six hours would give it up before crossing the finish and that the Luckenbach had been instructed to tow in the victor. The Vigilant was the first to announce her intention of giving up the unsatisfactory contest, which she did by hauling down her jib and taking a line from the tug Commodore. The Valkyrie did likewise, being taken in tow by the tug Luckenbach.

At this time the Englishman was leading the American by one mile, which, added to the allowance of 1 minute and 48 seconds, gave the Valkyrie really the lead of nearly one mile and a half. Had the boats continued to their starting point there is no doubt that the Valkyrie would have held her advantage, barring flukes and shifts of wind.

CRICKET.

THE AUSTRALIANS AT PHILADELPHIA.
PHILADELPHIA, Oct. 6.—The second great international cricket match between All Philadelphia and Australia began to-day at the ground of the Germantown Cricket club. The Philadelphia eleven were retired in their first innings for only 119 runs, and when darkness and rain combined to stop the game for the day at 4:30 o'clock this afternoon, the Australians had compiled 76 for the loss of but two wickets. The team the Australians put on the field to-day is substantially the same as that which played here last week, the only change being the substitution of R. McLeod for Coningham. In the Philadelphia eleven E. W. Clark, Jr., A. G. Thomson and H. P. Bailey are playing in place of Scott, Muir and Coates. The changes undoubtedly strengthened both teams.

Patterson, of Philadelphia, with his usual luck, won the toss and elected to go to bat. Head R. D. Brown went into the initial defence of the wickets. A slight drizzle of rain made the turf damp and heavy, and the outlook for runs was not nearly as good as at the beginning of the previous match. Trumble and McLeod began the bowling, incomparable Captain Blackham being the wicket keeper.

With the score at 16, Brown was retired on a clean bowl by Trumble. A. M. Wood went in, but his stay was short. After he had scored two on a leg cut, he skied a ball to Bruce, and walked off the field, Mr.

Bohlen taking his place. Mr. Bohlen scored 118 in the last match, and great things were looked for in his partnership with Patterson, who is regarded as the best batsman in America. The expectations of the crowd were doomed to disappointment, however, as Patterson almost immediately lifted the ball into G. Giffin's hands, having made 10 runs. Noble and Bohlen, in the previous match, made 180 runs on a partnership lasting over two hours, this being the record for a first-class match in this country, and when the former walked out to replace Patterson a cheer went up from the crowd. The bowlers had the best of the wicket, however, and after accumulating two on a pair of singles, Noble was clean bowled by McLeod. H. I. Brown followed, but before he had a chance to score he lifted one off Trumble, which was cleverly captured by George Giffin. Clarke replaced him.

With half the team out for a paltry 36, there was little for the crowd to enthuse over. Bohlen lost Clarke, who was bowled by McLeod after he had made four, and Ralston came in. The latter hit hard, with the result that the pair had netted 85 when the players were called off the field for luncheon, at 1:30 o'clock.

Play was resumed in less than an hour, and misfortune came with the first hour, Trumble's second ball clean bowling Bohlen, who had made a fine 33, which proved to be the top score of the day. Thompson, who was the newcomer, was allowed to make two runs before he lifted one to Bruce, off Trumble. Bailey partnered Ralston. The latter was in a few minutes stumped by the agile Blackham. King, the last man in, accumulated six before George Giffin caught him at point, the team being out for 119 runs, of which Ball, the not out, made nineteen.

The Australians started to bat, sending in Bannerman and Lyons. The weather had been threatening all day, but fully 4,000 people were present. Bannerman soon lost Lyons, the latter being retired for 8 on a catch Bailly off King, just after he had sent the ball on to the tennis court. Old reliable George Giffin joined Bannerman but the latter soon went to the club house on a fly Wood off Clarke. Then Trumble joined Giffin and this pair were still at it when at 4:30 o'clock, the rain combined with darkness put a stop to the play for the day. The Australians with two wickets down, have 76 runs to their credit, of which Giffin by hard batting made 38.

AQUATIC.

A CHALLENGE FROM VANCOUVER.
NANAIMO, Oct. 6.—(Special)—A. McLean and J. H. Murray, of Vancouver, have challenged Dignan and Eastman of Nanaimo, to a one or two mile race in outrigger skiffs for \$250 a side, the race to be rowed either here or at Vancouver.

THE RIFLE.

AN IMPORTANT COUNCIL MEETING.
A meeting of the council of the British Columbia Rifle Association was held yesterday afternoon in the secretary's office, the president, Lt.-Col. Wolfenden, in the chair. A report from the treasurer on the financial result of the season's operations was very satisfactory, showing a small balance on hand after the payment of all accounts, including some held over from last year.

A report presented by A. R. Langley, captain of the Ottawa team, was read and adopted, and a vote of thanks to Mr. Langley, and also to Lt. Col. Bacon, the secretary and the other officers of the D.R.A. mentioned in the report, was passed.

It was decided to have prepared for publication in pamphlet form an annual report of the operations of the association, and to insert in this Mr. Langley's report.

In view of the fact that one or two members of the association are likely to attend at Bixley next year as members of the Canadian team, it was resolved to affiliate with the National Rifle Association of Great Britain, and thus secure the right of participation in the Prince of Wales match.

A communication from the Nanaimo Rifle Association, requesting a match with a team of eight or ten from Victoria at any convenient time within the present month, was referred to a sub-committee who will endeavor to organize a team in response to the invitation.

The provincial range at Goldstream having this year been put at the disposal of the local militia, in consequence of the failure of the military authorities to maintain a range at Victoria, it was resolved that an application should be made to the Department of Militia for reimbursement of the expenditure incurred in putting the range in its present condition.

The following is the report presented by A. R. Langley, captain of the Ottawa team, and adopted by the council as above stated: "The B.C.R.A. team to Ottawa was composed of the following members: J. C. Chamberlin, G. Turnbull, W. Huston and S. Sloan, of Westminster; and A. S. Hunter, A. Martin, W. Quigley and A. R. Langley of Victoria. Threes of the New Westminster men left early to take part in the Toronto matches, but all the team, with the exception of Martin, were in Ottawa, four days before the matches commenced. On arrival I tried very hard to get some practices for the team, and Lt. Col. Macdonald, of the Militia Department, did all in his power to help us, the result being that we obtained half an hour's practice late one afternoon at skirmishing, which in the end proved a great help to us in those matches.

"We were treated very kindly by the association and Col. Macdonald was particularly attentive to us in all matters. The thanks of the B.C.R.A. are due to him for his courtesy to us whilst in Ottawa, and I trust he will be made our representative next year. The thanks of the association are also due to Lieut. McNeill, of the Queen's Own Rifles, Toronto, for the very able manner in which he took our team through the skirmishing match, and our success in these matches are largely due to him.

"We were given one of the tents of honor, and of course had to furnish the same at a cost of \$13, which I think should be returned to the team. In the future an allowance should be made for the purpose.

"The team, as you are aware, was the most successful that has ever gone from British Columbia, and it is a wonder the Victoria men did so well, considering they have no range on which to practise. All were handicapped in having used the Snider through the season, and taking up a strange rifle at the eleventh hour, but it is to be

Reindeer Brand

Condensed Milk.

"I am satisfied that the original milk from which the 'Reindeer Brand' is prepared is of unusual richness. In point of flavor, color and consistency it leaves nothing to be desired."—DR. OTTO HEIMER, Hon. Secy. of Socy. of Pub. Analysts, London, Eng.

For Outings of all sorts try "Reindeer Brand" Condensed Coffee. Ten hundred out of every thousand consumers pronounce it "Excellent." Sold by First-Class Grocers everywhere.

hoped that we have seen the last of the Snider."

The report gives in detail the places and prizes won by members of the team in each match, showing a total of 37 prizes, valued at \$287.54, won at Ottawa, and \$50 in prizes at Toronto, making a grand total of \$337.54.

GOLF.

WON BY ONTARIO.
OTTAWA, Oct. 6.—(Special)—The Inter-Provincial golf match here to-day, between Ontario and Quebec, was won by the former Province, 38 links to 7.

FOOTBALL.

VICTORIA V. THE NAVY.
The first match game of the season will be played at Beacon Hill this afternoon, the Victorias (Rugby) meeting a strong team representative of the Royal Navy. In the evening a grand smoking concert will be held at the Clarence hotel, the programme prepared being both varied and interesting. For the match the teams are:

Royal Navy: W. K. Stephens (Melbourne), back; Lieut. F. D. G. Foord (Champion), C. F. Petch and J. A. Shuter (Royal Arthur), three-quarter backs; D. B. Le Fann (Garnet) and Lieut. W. F. Benwell (Champion), half-backs; Lieut. E. L. C. Mantz (Nympha), T. A. Jamieson (Nympha), G. G. Webster, F. C. Grover; W. H. Beckett and G. H. Chance (Royal Arthur), Lieut. F. K. C. Gibbons and R. A. Willis (Champion), and H. F. Courage (Garnet), forwards.

Victorias: Pettigrew, back; G. W. McCullough, C. M. Roberts, J. F. Foulkes, A. D. Crease, three quarter backs; B. J. Ackland and Dr. A. T. Watt, half-backs; H. F. M. Jones (captain), L. Crease, J. Fraser, G. Brimston, W. H. Langley, F. Wollaston, Drummond and Gibson, forwards.

HERE AND THERE.

Champion McLeod, who recently defeated Joe Acton, the "little demon" wrestler, is expected to visit Victoria very shortly.

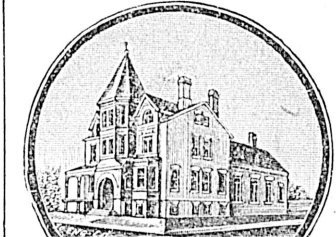

The first practice of the Victoria Association Football Club takes place this afternoon, at 2:30 o'clock, on the grounds of the club on Beacon Hill, opposite Victoria college.

The Reason Why you can get a Jacket at cost price at The White House, is because

we are positively going out of the Mantle Trade and so intend to close out the whole of the stock in that Department at the lowest prices imaginable.

AUCTION SALES.
H. CUTHBERT & CO.
 AUCTIONEERS.
 Are instructed to sell by
AUCTION
 In their Real Estate Salerooms, Cor. Broad St. and Trench Ave., the following VALUABLE Real Estate, viz:—
Several Town Lots & Blocks
 IN LOT 176 ALBERNI DISTRICT, Which will be sold in one lot.
 Also one-half interest in 15 acres of land and one-fourth interest in 20 acres of land at Port Angeles, Being known as a portion of the S.W. quarter of the S.W. quarter of Section 11, Township 30, north of Range 7, west of the Willamette Meridian; also
 Tere and a-half acres, Shawnigan Lake, with water frontage.
 THE WHOLE OF THE ABOVE PROPERTY MUST AND WILL BE SOLD.
 Not the slightest reserve will be placed upon it.
 The Alberni property is exceedingly well situated. Land close to it is selling easily at high figures. The recent gold finds in this district offer every probability that the values will rise immediately, although this has had nothing to do with placing the property on the market. The owner wants the money and intends to sell. The Port Angeles property is also well situated, is all good land and close to the present city limits.
 A very fine shooting and fishing box could be erected at Shawnigan Lake.
 For further particulars see maps etc., at the office of
HERBERT CUTHBERT & CO.,
 Auctioneers.

Sale of Government Lands by Public Auction.

AT THE COURT HOUSE, VERNON, commencing at 10 a.m., on the 12th day of October, 1893, I will offer for sale a great portion of the land known as "The Commonage," between Okanagan and Long lakes, and mostly situated on the shores of those lakes. There are 259 lots, varying from one acre to forty acres in extent.

TERMS OF SALE.—The parcels of land which front on the lake will be offered at an upset price of \$10 per acre, and the remaining parcels at \$2.50 per acre.

PAYMENTS.—One-third cash and the remainder in six and twelve months, with interest at six per cent.

Maps and catalogues may be obtained from Government Land Office, Victoria and Vernon.

M. LUMBY,
 Assistant Commissioner of Lands and Works.
 Vernon, August 30th, 1893. oct-3d

MORTGAGEE SALE.

To Augustus Carney and Albert Barrett, of the Kootenai District of British Columbia, and Strouss & Co., of the City of Victoria, in said Province, G. S. McConnell, of the City of Vancouver, in said Province, the Bank of Montreal, at Nelson, British Columbia, and George W. Richardson, of the said Town of Nelson, assignees for the benefit of the creditors of Carney & Barrett.

NOTICE is hereby given that, under and by virtue of a Power of Sale, contained in a certain indenture of mortgage, bearing date the twenty-fifth day of November, in the year of our Lord one thousand eight hundred and ninety-two, and registered in the office for the registration of deeds, in the City of Victoria, in the Province of British Columbia, in charge book, vol. 12, folio 11, and numbered 18920, and made between the said Augustus Carney and Albert Barrett, of the one part, and Malcolm McInnes and Patrick Burns, therein described as of the Town of Calgary, in the District of Alberta, one of the Canadian Northwest Territories, of the second part, there will, for the purpose of satisfying the moneys secured by said mortgage, default having been made in the payment thereof, be sold at Public Auction, at the premises herein below described, on Saturday, the fourteenth day of October, A.D., 1893, at ten o'clock in the forenoon, the lands and premises mentioned and described in said indenture of mortgage, as follows:—"All those lots of land situate in the said Town of Nelson, and numbered lots two and three, in block twelve, as said lots and block are marked out on the official map or plan of the said Town of Nelson," together with the buildings and improvements thereon, and rights, privileges and appurtenances to the same belonging.
 Dated this first day of September, A.D., 1893.
 F. M. McLEOD,
 of Nelson, B.C.,
 Solicitor to Mortgagees
